Landknock

RE: Junior Front-End Developer, Programming Hero,08/06/2021

Dear Concern,

Recently, I learned of Landknock's opening for a new Junior Front-End Developer, and I am responding with hopes of being considered for this role. With a strong knowledge of your organization's mission and values, I am confident that my background and commitment will serve well in supporting company progress.

I strive to maintain accuracy and consistency in task completion, individual performance and team goal-achievement, using acute attention to detail. Additionally, I offer critical thinking, problem-solving and scheduling flexibility. My goal is to apply programming and website optimization to support increased efficiency.

Please review my attached resume which provides additional details of my education and Project experience. I believe my teamwork and debugging abilities will provide an invaluable asset to your team. I would welcome the opportunity for an interview to further discuss the position and the ways in which I can positively impact Modaramo Media's growth.

Thank you for your time and consideration.

Sincerely,

Minhajul Abedin Rahat
